

What is MunchaLunch?

- MunchaLunch is an **Online Ordering System** for school fundraising
- it gives parents a fast and easy way to place orders for their children and pay online with a credit card

Why go Online?

- avoid using paper order forms
- don't need parent volunteers to count money
- allows parents to receive an automated reminder of what they ordered

How Does it work?

- Each family creates a MunchaLunch family account, enters their email, password, adds children and then places their order
- The system sends an automated email which includes a copy of the order.
- MunchaLunch is a secure system. It uses fully encrypted secured internet protocols (TLS/SSL) which is the same technology used by large corporations and banks. The data is never shared with a third party.
